

Introducing the NEW Masterline Vaccinators and Syringes!

TU-BM-Master QF

Quick Fit Bottle Mount Vaccinator

Features

- Available in 0.5ml and 2ml maximum doses
- Ergonomically designed, durable plastic handle
- Standard Luer-lock needle connection
- Critical parts such as bottle and needle connection are made of metal to avoid breakage
- The complete gun can be sterilized (by boiling or autoclave)
- Durable synthetic material compatible with medicines
- Modern valve systems give very short refill time with high viscosity products
- Can be fitted with conventional bottle attachments to suit either 20mm, 30mm or 33mm bottle caps
